

In addition to our range of network cabling, we provide systems for Intruder Alarms, CCTV IP/Analogue, Access Control, Time & Attendance and Remote Monitoring/Redcare GSM

- **Intruder Alarms**

Intruder alarms not only offer protection and peace of mind but can also offer savings to your insurance when maintained by an accredited company. Our intruder alarms are designed around the property and coverage needed to give total protection to our customers, their properties, workforce and assets.

We offer intruder systems that are:

- Compliant with Police Force (ACPO) and Insurance company requirements
- NSI Gold approved alarm receiving centre
- NSI Gold approved installations and maintenance
- 24 Hour callout, maintenance and monitoring package
- Professional Keyholding service
- Redcare GSM/Classic, Dualcom and Digital Communicator

- **24 Hour Monitoring**

A monitored alarm system gives peace of mind to all our customers. The alarm receiving centre receives signals from the Intruder alarm system of intruder confirmed, panic alarm, fault and should the signal be cut this is also monitored. If our customers require the intruder confirmed and panic alarms can have police response giving greater peace of mind.

- NACOSS approved alarm receiving centre
- Compliance to Police authorities.
